"After a lengthy judging process, the winners of this year's Great Taste Awards have been announced. Products including the pun-tastic Manna from Devon will now be allowed to wear the three-star gold insignia on their labels, enabling customers to better navigate deli shelves groaning with 'artisan' products".

It's our favourite time of year again - national Chocolate Week. To celebrate we're snaffling these gorgeous double chocolate brownies by Manna from Devon (£6 for four, from bigbarn.co.uk). They're wheat-free to allow extra room for chocolate and are seriously moreish. Chocolate Week is sponsored by Divine Chocolate and runs from the 12-18 October with chocolate-filled events across the country and plenty of great discounts. (chocolate-week.co.uk) 🍫

"The Guild of Fine Food has just announced the winners of the highly-respected Great Taste Awards 2009 and as always Devon foods excelled. Special mention must go to those who won three gold stars – less than 2% of entrants – as by the Guild's guidelines these are considered 'faultless' – and in particular Manna from Devon's gorgeously gooey dark chocolate brownies". "A benign summer for pudding makers and umbrella salesmen ... and of the former Manna from Devon's puds are probably the ones to seek out. The Sticky Toffee Pudding won two-star gold at the Great Taste Awards while its double chocolate brownies won a three-star gold award".
