

Wind turbine open day

Are you thinking of investing in a wind turbine?

Beco Energy Solutions of Totnes are installers of Kingspan wind turbines. One of our customers near Totnes has kindly agreed to open their installation to the public. So if you are interested in purchasing a machine please come along. You will be able to see a machine in action and find out about the practicalities of having a Kingspan wind turbine installed at your home or business.

16th March 11am -4pm

Please contact Gemma for further information
